

Southern Illinois Regional EMS System

A-9 SERVICES AVAILABLE FOR ABUSE VICTIMS

ALS/ILS/BLS

- Patients of abuse or suspected abuse, not seeking transport to a hospital, shall be given information regarding services available to them.
- A system pamphlet is available for distribution and must be available on each ambulance.
- A victim of abuse may refuse to accept documentation or have this information in their possession. The victim should then be given the information verbally.
- EMS providers must document on the run report information given to the patient and the method.
